1. READ ABOUT KATIA AND THIS NEW SHOPPING CENTRE IN LONDON. (Ricorda: cerca di capire il senso del testo e non farti bloccare dalle parole che non conosci!)

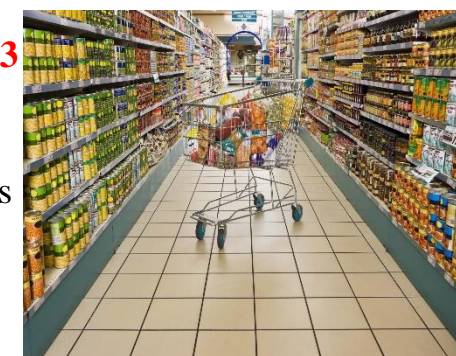

Hello, my name's Katia and I'm fourteen years old, I live in London and I love to go shopping with my friends! There's a new shopping centre in town, it is very big and I go there with my friends every Saturday afternoon. We really love the toy shop (1), I buy my videogames and I can buy toys for my little sister too. She likes dolls and teddy bears.

My friend Thomas loves to read, his favourite shop is the bookshop (2). We go to the bookshop and he buys adventure and history books. I like adventure stories too, they're really fun. Sometimes we go to the supermarket (3), you can buy lots of food and drinks there.

My friend Amy likes to buy clothes. We go to the clothes shop (4) and we help her to choose new skirts and t-shirts. She's very beautiful.

Amy likes to play football, she buys football clothes at the sports shop (5) but I don't like that shop. I am not good at sports! Outside the shopping centre there's a newsagent's (6), Thomas buys comic books and posters there. Then we go home.

And you? What's your favourite shop?

Bye!
